Sir:

Comment on Statement of Reasons for Allowance

The Notice of Allowability that accompanied the Office Action dated March 28, 2005, included an Examiner's Amendment and Reasons for Allowance. Applicant concurs in the amendment deleting Claims 12-20, which were drawn to non-elected subject matter and withdrawn from consideration. Applicant reserves the right to file divisional applications to the separately patentable subject matter thereof. Applicant also acknowledges the Examiner's statement of reasons of allowance that Claim 1 includes allowable subject matter in that the second electric potential is applied at a value substantially equivalent to and opposite to the predetermined value of the first electric potential.

Respectfully submitted,

Dianne Rees
